Language Test Result Deadline - important change!

Those of you who do not meet the English language requirements (for specifics see: www.bachelors.leiden.edu/psychology/entry-requirements/) need to show proof of your English proficiency. If you have not yet uploaded that proof, and are still waiting to submit your application in Application Online, the following message is very important for you:

We have extended the deadline for receiving the results of the language test certificates (TOEFL/IETLS/CEP/CAE). Originally we said that the results of the language tests had to be in and uploaded into Application Online before the deadline of 15 February 2016.

Extension: if you take the examination before or on 15 February 2016 and can provide proof of your test registration* before 15 February 2016, we will allow the results to be submitted after the 15 February 2016 application deadline.

*You must upload proof of registration (screenshot of online registration; confirmation email) for the test (TOEFL/IETLS/CEP/CAE) into Application Online and then submit and finalize your application a.s.a.p., and certainly before 15 February 2016.

The Admissions Office will need to receive your language test results as soon as you have them, so we can process them before the registration for the TSA closes. Once you have submitted your application (and paid the application fee, if applicable) you will be designated a dedicated International Programmes Officer at the Admissions Office. You can then send your language test results to this person (either Ms Heleen Oostebrink or Ms Christien Bosman).

Please be aware that there is a risk in submitting the language test results later than we originally required. If you fail the test, or if, for any reason, it is impossible for you to take the test, or if something goes wrong at the test centre, you do not have a chance to retake the test before our deadlines. Also, if you register and pay for the TSA before your language test results come in, and you fail the language test, you will lose the registration fee for the TSA. It remains your responsibility to take the language test on time and make sure we can process your results before the TSA registration deadline.

Don’t wait too long with applying; the sooner we have your completed and submitted application, the sooner we can process it and let you know if you are admissible. Once you have applied in Application Online, make sure you also apply in Studielink.
