Basics of Blackboard

Workshop by E.C.Bliek and L.Smallenberg

September 21st, 12:00-13:00 in 2B04

Maximum number of participants: 20

Lunch
included

Want to familiarize yourself with Blackboard? In this workshop you will learn and practice how to post information, create assignments, and manage the users in your course on Blackboard. At the end of the workshop you will be familiar with the fundamentals of Blackboard.

Basics of Kaltura (UL video platform)

Workshop by R. van den Berg

September 22nd, 13:00-14:00 in 1A26

Maximum number of participants: 20

In this hands-on-workshop we will explore the possibilities of the new Kaltura Video Platform for the storing, editing and sharing of videos. The platform is available to teachers and students and fully integrated with Blackboard. After following this workshop, you will know how to upload, edit and publish videos and how you can make the best use of Kaltura in your own course.

Pitch2Peer in Blackboard

Workshop by P. Haazebroek

November 21st, 11:00-13:00 in 1A32

Maximum number of participants: 20

Lunch
included

Using Pitch2Peer, your students can submit creative pitches: self-made videos, scientific posters, blogs and videographics. Students view each other's pitches in the online gallery and give each other feedback through written reviews, ratings or likes. In this workshop you will get hands-on experience with Pitch2Peer and discuss best practices to be applied to your own course setting.

Digital assessment in Blackboard

Workshop by J.Bruins and L.Smallenberg

November 22nd, 12:00-13:00 in 1A26

Maximum number of participants: 20

Lunch
included

Do you want to use computers during assessment or grading? In this workshop we will demonstrate how you can safely create, give, and grade online assessments in Blackboard. After following this course, you'll be able to use digital assessments in your own education.

Discover the world at Leiden University

Sign up: www.fsw.leidenuniv.nl/soloworkshops**Linkedin and Research Gate - The basics**
Workshop by G.Wolters and C.Oudelaar

September 23rd, 12:00-13:00 in SA15

Maximum number of participants: 15

Lunch
included

What can LinkedIn and Research Gate do for you? This mini-lecture will present some basic principles and practical suggestions about creating profiles on LinkedIn and Research Gate that work for you!

Want to Write a Social-Scientific Blog?

Workshop by S. Otterloo

November 17th, 14:00-17:00 in SA05

Maximum number of participants: 12

Blogging about your research gives you the opportunity to share your findings with a broad audience and show why you do what you do. But what is the best way to reach out to the world beyond academia? In this workshop we will discuss various tips&tricks and write a social-scientific blog.

Food For Thought sessions

During the Food For Thought meetings researchers present their current projects and general avenues of investigation. The aim is to promote fruitful interdisciplinary cooperation, especially between Institutes. With this in mind, this year's theme is "passing the baton": at each meeting speakers from various Institutes will address a single subject from varying perspectives. We would greatly appreciate your presence at these meetings!

Education and Child Studies:

September 29th, 12:00-13:00 in 1A20

Political Science:

November 24th, 12:00-13:00 in SB45

E-Prime*

Workshop by H. van Steenbergen and M. Meekel

Maximum number of participants: 25

In three afternoons, participants get a brief introduction into the use of E-Prime and acquire hands-on experience. No prior knowledge about E-Prime is assumed. This course covers Chapters 1 to 3 of 'The E-Primer' book (ISBN 9789087281830; buy it in time!). Programming in E-Basic is not covered in this introduction course.

Session 1: October 11th, 14:00-17:00 in room 1A32

Session 2: October 25th, 14:00-17:00 in room 1A32

Session 3: November 1st, 14:00-17:00 in room 1A32

**Journal Impact Factors and H-index,
the sense and nonsense of bibliometrics**

Lecture by T. van Leeuwen

November 30th, 13:00-15:00 in 1A33

Maximum number of participants: 20

In this lecture the bibliometric indicators 'Impact Factors' and 'H-index' will be discussed in the context of research management processes and writing research proposals. After the lecture you will know how to deal with questions concerning your bibliometric score and which alternatives are available to you.
