Tour de Turnitin (the basics)
Workshop by E.C.Bliek
February 22nd, 11:00-13:00 in 1A28
Maximum number of participants: 20
Turnitin is a tool within Blackboard that allows you to easily provide feedback, check papers/ assignments for originality, and use peer marking in assignments. Interested in finding out how to use this tool in your education? At the end of the workshop you’ll be familiar with the settings and (im)possibilities of Turnitin.

E-Prime Advanced*
Workshop by H. van Steenbergen and M. Meekel
Maximum number of participants: 25
In three afternoons, participants get a thorough introduction into the use of the programming language E-Basic in E-Prime. They will acquire hands-on experience using Chapters 4 to 8 of ‘The E-Primer’ book (ISBN 9789087281830). Participants should have followed the introduction course (covering chapters 1-3) or have an equivalent level of E-Prime skills.
Session 1: March 14th, 13:00-17:00 (1A28)
Session 2: March 28th, 13:00-17:00 (1A28)
Session 3: April 11th, 14:00-17:00 (1A28)

Can Blackboard be more inviting?
Workshop by J.Bruins
May 22nd, 11:00-12:00 in 2B04
Maximum number of participants: 10
Yes it can! In this workshop we will show ways to make Blackboard more inviting by making it easier to navigate, adding variety, providing feedback, and a bit of color. It’s not about aesthetics, it’s about not wasting students’ time with unclear menu’s and hidden buttons.

Online Marking using GradeMark in Turnitin
Workshop by J.Bruins
March 20th, 11:00-13:00 in 1A32
Maximum number of participants: 15
Turnitin’s GradeMark makes grading more efficient, more transparent, and simplifies management of written assignments. We will discuss the benefits of using forms (‘rubrics’) to determine student performance and help you manage your grading and grading team. The benefits of different types of feedback are discussed and you will get some hands-on practice in the use of GradeMark.

Creating surveys with Qualtrics
Workshop by E.C.Bliek
April 26th, 11:00-13:00 in 1A26
Maximum number of participants: 20
Anyone with a valid ULCN account can easily create professional-looking online surveys and forms in the Leiden University corporate identity. In this workshop you’ll learn all about the ‘why’ and the ‘how’ of the usage of this online tool, before creating your own questionnaire.

Want to Write a Social-Scientific Blog?
Workshop by S. Otterloo
March 16th, 14:00-17:00 in SA19
Maximum number of participants: 12
Blogging about your research gives you the opportunity to share your findings with a broad audience and show why you do what you do. But what is the best way to reach out to the world beyond academia? In this workshop we will discuss various tips&tricks and write a social-scientific blog.

Flipping the Classroom
Workshop by R.van den Berg and R.Tromble
April 11th, 11:00-13:00 in 1A28
Maximum number of participants: 15
Want to free up time during class for more active learning methods? This is possible by replacing lecture material with pre-recorded video lectures. Come to this workshop to learn more about the concept of flipping the classroom and how you can create your own video lectures with screencast software.

Managing student groups online
Workshop by J.Bruins
May 23rd, 11:00-12:00 in SA37
Maximum number of participants: 10
Do you want to help student collaborate more effectively online whilst being able to monitor what they are doing? In this workshop we will discuss common pitfalls and provide you with solid and easy to use online collaboration tools. After this workshop you will know how to design your group assignments online.

Food For Thought sessions
During the Food For Thought meetings researchers present their current projects and general avenues of investigation. The aim is to promote fruitful interdisciplinary cooperation, especially between Institutes. With this in mind, this year’s theme is “passing the baton”: at each meeting speakers from various Institutes will address a single subject from varying perspectives. We would greatly appreciate your presence at these meetings!

Cultural Anthropology and Developmental Sociology:
February 16th, 12:00-13:00 in 1A20
Psychology (by Eveline Crone and Erik Bähre):
April 11th, 12:00-13:00 in 1A20
