

New Reference Manager Import Filter for text files from PsycINFO.

This Import Filter is meant for importing references sent as text file from an e-mail alert created in PsycINFO.

Follow these steps to *save* the filter in the file IMPORT within Reference Manager 11: click the link <http://www.leidenuniv.nl/media/cap/psycinfo-ebscostfsw.cap>, do not open it but click *Save*.

Browse to C: - Program Files – Reference Manager and select the file IMPORT.

Hit *Save* again. You will need this filter when you set up an alert in the format *plain text* and *bibliographic*.
