

PAST EDITIONS

NEWSLETTER OF THE DEPARTMENT OF POTTERY TECHNOLOGY
(LEIDEN UNIVERSITY)

Volume 1 - 1983

out of stock

Volume 2 - 1984

out of stock

Volume 3 - 1985

price: € 2.50

A. van As:

Pottery technology: the materials science/archaeology interface:
a symposium held during the 83rd annual meeting of the American
Anthropological Association

P. Stienstra:

Technological study of ancient pottery - a note on sense and nonsense

A. van As:

Technological research of Palaeo- and Meso-Babylonian pottery
from Tell ed Der (Iraq) - a report

H.J. Franken:

A class of Iron Age bowls from Jerusalem

M.B. Annis:

Ethnoarchaeological research - water vessels in Sardinia

Volume 4 - 1986

price: € 2.50

L. Jacobs:

Firing of clay tablets in the field

A. van As:

A technological study of some potsherds from Saba and St. Eustatius
(de Josselin de Jong collection)

A. van As / L. Jacobs:

Technological research of Palaeo-and Meso-Babylonian pottery - a report
on the 1986 season at Tell at Der (Iraq) and some preliminary results

P. Stienstra:

Systematic macroscopic description of the texture and composition of
ancient pottery: some basic methods

I. Edwards / L. Jacobs:

Experiments with stone 'pottery wheel' bearings - notes on the use of
rotation in the production of ancient pottery

M.B. Annis:

Ethnoarchaeological research - pottery production in Oristano (Sardinia).
Relationships between raw materials, manufacturing techniques and
artifacts

Volume 5 - 1987

price: € 5.00

A Knapsack Full of Pottery
Archaeo-Ceramological Miscellanea Dedicated to H.J. Franken
(Editor: A. van As.)

H.E. LaGro / H.J.W. Noordhuizen:

Iron Age pottery from Jerusalem - a preliminary classification of the
pottery found in two caves during the 1961-1967 Kenyon excavations

H. Gasche:

Réflexions sur une archéologie

A. van As:

Towards a corpus of Mesopotamian pottery

A. van As / L. Jacobs:

Second millennium B.C. goblet bases from Tell ed-Der - the
relationship between form and technique

J. Schuring:

Terra sigillata Africana from San Sisto Vecchio in Rome: aspects of
fabric characterization: a preliminary assessment

L. van der Plas / J.D.J. Doesburg:

Heavy minerals and feldspars in potsherds

Bronitsky:

A computer-based system for measurements of thermal properties
of archaeological ceramics

A.E. Glock:

Where to draw the line: illustrating ceramic technology

- I. Edwards:
Early pyrotechnology - notes on investigating ancient
Australian aboriginal fire places
- G.A. London:
Regionalism in traditional Cypriote ceramics
- R.M.A. Bedaux / J.D. van der Waals:
Aspects of life-span of Dogon pottery
- M.B. Annis / H. Geertman:
Production and distribution of cooking ware in Sardinia
- M. Steiner / H.E. LaGro:
Bibliography of H.J. Franken
-

Volume 6 - 1988

price: € 5.00

- A. van As / L. Jacobs:
Report on the activities of the Working Group on Mesopotamian
Pottery during the years 1987 and 1988
- A. van As / L. Jacobs / M.-H. Wijnen:
Technological research on Neolithic pottery from Sesklo (Greece)
- a preliminary report
- A. van As / M.-H. Wijnen:
The potter of Dimini (Greece) - some observations
- A. van As / M.H. Wijnen:
An explicatory visit to Ilipinar (Turkey)
- M.B. Annis:
Modes of production and the use of space in potters workshops
in Sardinia: a changing picture
- M. Vilders:
A technological study of the pottery from Deir 'Alla Phase M
- H.E. LaGro / H. de Haas:
Announcing a study of Islamic pottery from Tell Abu Sarbut (Jordan)
- H.J. Franken:
A remarkable sherd characterization study
-

Volume 7/8 - 1989/1990

price: € 5.00

- H.J. Franken:
Form is the essence of a ceramic vessel
- H.E. LaGro / H. de Haas:
Sugar pots: a preliminary study of technological aspects of a
class of medieval industrial pottery from Tell Abu Sarbut, Jordan
- A. van As / M.-H. Wijnen:
Neolithic and early Chalcolithic pottery from Ilipinar (phases X-VIII)
in northwestern Anatolia
- A. van As / M.-H. Wijnen:
The potter from Örnekköy (Turkey) - some observations
- M.B. Annis / L. Jacobs:
Cooking ware from Pabillonis (Sardinia): relationships between
raw materials, manufacturing techniques and the function of the vessels

P.A.R. van Dommelen:
Ethnoarchaeology in the Netherlands. The problem of space:
contrasting approaches to spatial analysis

Volume 9/10 - 1991/1992

price: € 5.00

- A. van As:
Pottery technology: the bridge between archaeology and the laboratory
- L. Jacobs:
Causes for the pale colour of iron-containing, second millennium
B.C. pottery from three archaeological sites in Mesopotamia
- A. van As / M.-H. Wijnen
Chalcolithic pottery from Ilipinar (phases VII-V) in northwestern Anatolia
- J. Kalsbeek
Medieval pottery from the Levant, entirely or partly made in moulds
- H.E. LaGro / H. de Haas
Syrup jars and sugar pots: a preliminary study of a class of medieval
industrial pottery from Tell Abu Sarbut, Jordan, part II
- M.M.E. Vilders
Some technological features of the Late Bronze and Iron Age cooking
pots from Tell es-Sa'idiyeh, Jordan

Volume 11/12-1993/1994

price: € 5.00

- A. van As / L. Jacobs:
Archaeo-ceramological research in Berenike, a seaport on the Egyptian
Red Sea coast (3rd century B.C. - 6th century A.D.) - a report of the 1994
expedition
- M.B. Annis / P. van Dommelen / P. van de Velde:
The Riu Mannu survey project in west central Sardinia: a first interim report
- H.J. Franken:
Notes on the typology of pot handles and grips
- A. van As / L. Jacobs / M.-H. Wijnen
The production sequence of pottery dating from the Early Bronze
Age excavated at Hacilar-tepe in Northwestern Anatolia
- A.S. Jamieson
Observations on a village potter from the Euphrates valley
-

Volume 13-1995

price: € 5.00

- A. van As / L. Jacobs:
An examination of the clays probably used by the ancient potters
of Lehun (Jordan)
- K.J.H. Vriezen:
A preliminary study of the Byzantine roof tiles (tegulae and imices)

- from areas I and III in Umm Qeis (Jordan)
M. van den Bel / G. Hamburg / L. Jacobs
The use of kwep as a temper for clay among the Palikur in French Guyana
M.B. Annis / L. Jacobs / R.F. Docter
Archaic commercial amphorae from Carthage: a technological analysis
H.J. Franken
Theory and practice of ceramic studies in archaeology
-

Volume 14/15-1996/1997

price: € 5.00

- R.E. Arkema
In preparation: a study on the use of tannin in earthen architecture
H.J. Franken
The study of clays and non-plastics in pottery and the history of
an archaeological site (Jerusalem)
A. van As / L. Jacobs / O.P. Nieuwenhuys
The Transitional Fine Ware pottery of Tell Sabi Abyad, Syria
A. van As / L. Jacobs
A technological classification of the Early Dynastic and Old Akkadian
pottery of Tell Beydar, Syria
A. van As / L. Jacobs / M.-H. Wijnen
Further technological research on the Chalcolithic pottery of Ilipinar,
phase VB
A. van As / L. Jacobs
The manufacturing technique of the vessels from Late Bronze Age/Early
Iron Age graves at Akhtamir, Armenia
M.B. Annis
Sardina (Italy): fieldwork and the laboratory in ceramic ethnoarchaeology
-

Volume 16/17-1998/1999

price: € 15.00

Ceramic Ethnoarchaeology: from Sardinia to Iraq
(Editors: A. van As and Gloria London)

- A. van As / G.A. London:
Introduction
A van As:
Short visits to potters working nearby archaeological sites
H. Salem:
Archaeological use of the traditional pottery technology among
the Palestinian potters
M.B. Annis:
Ethnography and archaeology in Sardinia: some reflections on
technological traditions
G.A. London:
Potters in Cyprus: twelve years later
M.L. Eiland:
Ceramic replications at Tell ak, Syria

S. Scham:

The meaning of recycling in a changing world: reused pottery and ceramic production at Teleilat Ghassul, Jordan

Volume 18/19-2000/2001

price: € 15.00

C.L. Hofman / L. Jacobs

The dynamics of technology, function and style: a study of Early Ceramic Age pottery from the Caribbean

R.S. Duin

A Wayana potter in the tropical rain forest of Surinam/French Guyana

R.E. Arkema

Tannin in earthen architecture: a case-study on the use of tannin as an amendment for adobe preservation

M. Welling

On the significance of local clay pipes for African archaeology: presenting new finds and a typo-chronology from Mali

H.J. Franken

Notes on the value of slip-glazed Attic wares

A. van As

Women potters of Cyprus and ceramic ethnoarchaeology: a videofilm by Gloria London

The above mentioned prices include handling and postage..
