# Programme - Honours Concert

Thursday, 9<sup>th</sup> of January 2014

Frans van Hasseltzaal, Aula TU Delft, Mekelweg 5 Delft

Delft University of Technology

Universiteit  
Leiden

Dear guests,

We are very pleased to welcome you to the third edition of the Honours Concert! This event is hosted, as you have noticed by now, in the Aula of the TU Delft. In this theatre room you will listen to Honours students from both the Delft University of Technology and the Leiden University performing music of all sorts. Since this is the third Honours Concert, some of the musicians and attendants today will be familiar with the event.

We are happy to welcome all the visitors from the TU Delft and Leiden University. With the collaboration of both universities we hope and believe this is a tradition that will return every year. This joint event has allowed students of both universities to get to know each other, and work towards a common goal with an interest they all share: music.

Throughout the evening a host of these students will entertain you with their musical abilities. These students have all been recruited from the Honours Programme of their respective university, and as such represent the best of their studies. However, most of these students do not only excel in college. It is interesting to see that Honours students are often talented in other fields as well, whether it be sport, music or something else. Their interests and abilities extend beyond their studies, leading to a diverse, multi-talented individual.

Today, these students will demonstrate those abilities. From students who picked up their instrument for the first time only 3 years ago to conservatory-grade artists, each of them has practiced hard to perform here today. We have witnessed groups of students join together to create music, and grow as they practiced by advice and tips from each other.

In this booklet you will find the students, and their musical contribution to the evening. We would also like to thank everybody who made this concert happen, both from the TU Delft and Leiden University. Special thanks go to all the students, who took the time to rehearse a musical performance. Furthermore, we'd like to thank you for taking an interest in this event.

We wish you a pleasant and musical evening, and hope to see you again next year!

Honours Concert Commission

Luuk Metselaar  
Roos ter Elst

- 1. Prelude Op. 28, No 20 in C minor - Chopin**
