

Master Thesis Lab
Supervisor Letter

Dear Supervisor,

The Master Thesis Lab of the Faculty of Social Sciences at Leiden University is a facility intended exclusively for students working on their Master's thesis. However, the Faculty considers it essential that the students that wish to make use of the Master Thesis Lab do so only if they have a supervisor and a subject.

In order to be sure that the supervisor has been informed of the student's intention to make use of the Master Thesis Lab, we would like to ask you as supervisor, to please fill in this form. The student can then hand it in at the Master Thesis Lab.

Thank you,
With kind regards,

Staff Master Thesis Lab
